

TFEIP 2026 Meeting Agenda

European Environment Agency, Copenhagen, 11th – 13th May

Note: All times are in CEST

Monday 11th May

13:00 - 13:15 Welcome

13:15 - 13:40 TFEIP Workplan

13:40 - 14:20 International news

13:40 – 13:55 Updates from Convention – (Paul Ruysenaars/Anna Kaplina, EMEP)

13:55 – 14:10 Updates from the European Commission (Bettina Kretschmer, European Commission)

14:10 – 14:20 Update on the IPCC Short-lived Climate Forcers Guidance (Pavel Shermanau, IPCC TFI TSU)

14:20 – 15:00 Inventory systems part 1

15:00 - 15:30 Break

15:30 - 17:30 Projections Expert Panel and Other Part A Chapters

15:30 –16:00 Part A Guidebook updates, including work on uncertainties

16:00 – 16:25 IIASA presentation

16:25 – 16:50 An evaluation of the impact of low carbon strategies on air pollutant emissions and resulting concentrations (INERIS)

16:50 – 17:30 Update of the EMEP / EEA Guidebook Projections Chapter (Melanie Hobson to present and all to participate)

Tuesday 12th May

9:00 - 12:30 Transport Expert Panel

The transport expert panel session will cover:

- COPERT updates
- Proposed EMEP/EEA Guidebook updates

12:30 – 13:00 TFEIP papers:

- Satellite
- Research needs

13:00 – 14:00 Lunch

14:00 – 14:15 Updates from the EEA

14:15 - 17:30 Combustion & Industry Expert Panel

14:15 – 14:25 Welcome

Remembering Carlo Trozzi

14:25-15:00 Guidebook update: principles, basic questions, completeness, accuracy, regional emission factors, technique-specific emission factors, specific flues gas volume, correlations, technical connections (BAT), plausibility, use of PRTR/ IEP data (Kristina Juhrich, EP Chair)

15:00-15:20 Diffuse PM10 emissions from cracks, holes or open doors in factories (Erik Honig, RIVM)

15:20-15:40 Coffee break

15:40-16:00 Experience in Lombardy in emission estimates from wood-fired pizza ovens (Alessandro Marongiu, ARPA Lombardia)

16:00-17:00 Guidebook update: basic areas of improvement, heavy metals, PCBs, fireworks, biofuels, 2D, fugitive emissions, industry, small combustion, errors, intersections with other EPs, impossible tasks (Kristina Juhrich, EP Chair)

17:00-17:15 Next steps: new co-chair(s), Guidebook revision & other contribution

17:15-17:30 Any other business

Evening - dinner (self-paid)

Wednesday 13th May

9:00 - 11:00 User Engagement Session

09.00-09.10 Introduction (Jeroen Kuenen, EP Chair)

09.10-09.30 Processing of national inventory to adapt it to modelling requirements: example for Spain (Marc Guevara, Barcelona Supercomputing Centre)

09.30-09.50 Latest proxies for spatial distribution for the agricultural sector (Susana Lopez-Aparicio, NILU)

09.50-10.10 Validation of emissions against satellite-based estimates as part of an ongoing ESA project (Marc Guevara, Barcelona Supercomputing Centre)

10.10-10.30 Specific questions on how to interpret Guidebook information & how to report gridded emissions (Jeroen Kuenen, EP Chair)

10.30-11.00 Presentation of draft guidance for emission inventory users (Jeroen Kuenen)

11:00 - 11:20 Coffee break

11:20 – 11:40 Update from CEIP (Sabine Schindlbacher, CEIP)

11:40 – 12:15 Decisions and close

12:15 – 13:00 Inventory systems part 2
