

NFR Template 2019

Ad-hoc group

NFR Template: What we did NOT do

- In Sofia, the more comprehensive proposal for changes to the NFR template was not agreed upon
- Thus, the ad-hoc group's mandate was to only implement a rather limited set of changes
- The ad-hoc group only worked on Annex I (the “main template”)

- Also: Implement feedback, remove macros and hidden sheets, refresh footnotes, fix typos, unify cell formats, update to .xlsx etc.

NFR Template: What is LEFT to be done

- Expert panels:
 - Check results of “notation key heat map” (NA only)
 - Check activity data units and descriptions
- Evaluate results of the trail run with the new version
- Adoption as NFR-2019
